

Chemcut Corporation

BOUNDLESS INNOVATION – UNBEATABLE PRECISION

FOR IMMEDIATE RELEASE

June 16, 2022

Chemcut Corporation Announces Trittek Circuit Products

Expanded Sales Territory to Include Central US States

Chemcut Corporation, the US based manufacturer of Wet Process Equipment, has expanded Trittek Circuit Products' territory to include the Central US States. The new territory includes the States of Arkansas, Kansas, Louisiana, Missouri, Oklahoma, Texas, Minnesota, Iowa, North Dakota, South Dakota, Nebraska, Wisconsin, Upper Peninsula of Michigan, and the Canadian Province of Manitoba. Trittek has represented Chemcut for over 25 years in the States of Arizona, Colorado, Nevada, New Mexico, portions of California, and the Western provinces of Mexico:

"Trittek," stated Rick Lies, Chemcut's CEO & General Manager, "has served Chemcut very well for many years, and we are confident that our customers will be the true beneficiaries of this service area expansion." Lies continued, "Trittek is very well known throughout the PCB industry. They have the skills and resources needed to effectively promote Chemcut, and they are widely recognized as a customer service-oriented organization. We look forward to maintaining a long, productive relationship with their organization."

Chemcut Corporation, founded in 1956, was the original developer of spray etching, a technique that made the chemical etching process practical for volume, as well as prototype production. Chemcut offers a complete line of spray etchers, developers, strippers, waste treatment systems, and auxiliary equipment. More than 15,000 Chemcut units are currently in operation around the world.

Chemcut Corporation

BOUNDLESS INNOVATION – UNBEATABLE PRECISION

Tritek Circuit Products was established in 1991 as a full-service distributor to the Printed Circuit Fabrication and Chemical Milling industry. Tritek's mission is to deliver world class products with unequalled service to bring enhanced value to our customers.

That original charter has grown to include a full complement of products and services from laminate materials, process and plating chemistries to waste treatment solutions and now even equipment solutions. Tritek is proud to represent industry leaders in the Printed Circuit Fabrication and Chemical Milling industries, such as AGC Multi-Materials America, Chemcut Corporation, DuPont Electronic Materials and Miles Chemical Company. Tritek is recognized as a leader in the industry and prides itself on providing a complete package of products, service and expertise that equates to real solutions for our customers!
